**Fifth Annual Sale  
Saturday, September 1  
Milton, Ontario**

We hope you will be with us September 1. As you can see, Aberfeldy and Merry Brook are just a stone's throw apart.

Scene in front of the home at Aberfeldy. This group of females sold in our 1954 sale. Great cows like these have made the annual Aberfeldy sales a haven for herd advancement.

# *Welcome Again To Aberfeldy...*

Another year has passed and on September 1st we invite all lovers of Short-horn cattle to be with us on the occasion of our Fifth Annual Sale.

Your interest in the past has indeed been gratifying. It has stimulated our efforts to assemble a better offering each year. Shorthorns have been a practical business for us at Aberfeldy. We will not lose sight of the usefulness of our cattle and will continue in our efforts to handle those animals that will be profitable for our customers. Your success is ours.

This year we are offering 50 head. Half of this group are direct imports from Scotland. The other half have been raised on the farm, they being imported-in-dam or from imported bloodlines. All of them will be presented in good breeding condition. They are the useful working kind, and although not in high flesh, we believe they will go on and improve in your hands.

Our sale day is our achievement barometer. Plan to be with us, whether you are in the market for cattle or not. We will do our best to make the day a pleasant one for you.

*Reford W. Gardhouse*

Visitors from three nations. Left to right: Roy Watherston, (Crichton herd), Scotland; William Anderson, (Morphie herd), Scotland; John Blume, Marellbar Farms, Libertyville, Illinois; A. R. "Sandy" Cross, Rothney Farms, Midnapore, Alberta; and Art McDermott, Sandoon Farms, Goodwood, Ontario.

## *Our Neighbor Consignor*

We at Aberfeldy feel pleased to have as a neighbour, a breeder of Shorthorns and one of the most active promoters of the breed. This rather conspicuous gentleman (6 feet, 4 inches or better) is W. H. Merry, better known to his many friends as Tiny.

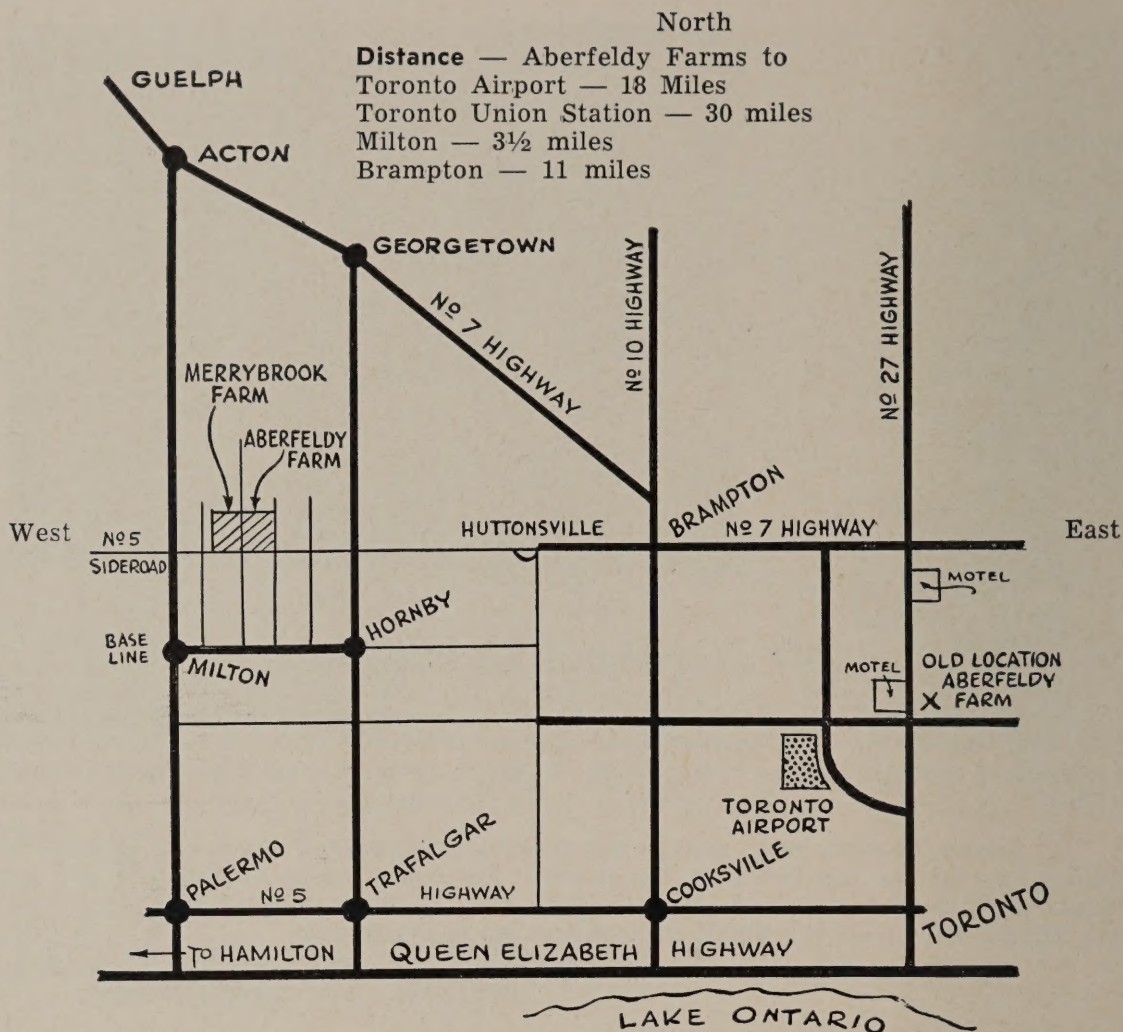

During the last few years he has spent a great deal of effort and expense in building one of the top herds of the breed. His consignment of one bull and six females are indeed a real credit to the herd. We are happy to have him as an associate in this event and can highly recommend his cattle to you.

Burnton Everlasting. Purchased in our 1953 sale at the top price of \$6000 by Anthony and Gerald Petkus, Whitehall Farms, Capron, Illinois. This bull was used in Scotland and at Aberfeldy. Three daughters, two bred in Scotland, sell.

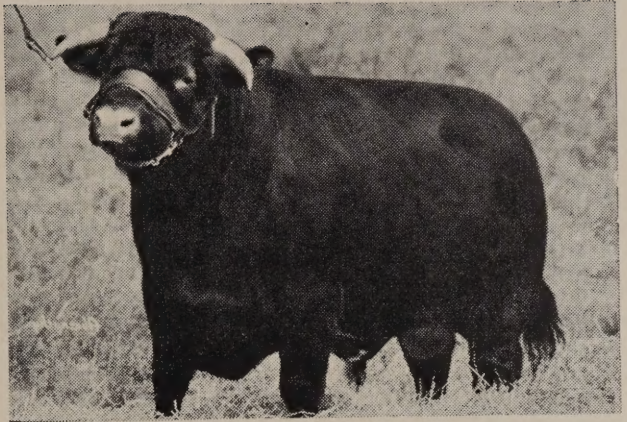

Chapelton Clansman. Sold in our 1954 sale for \$2500 to the Quinte Artificial Breeders' Unit. Sire, Cruggleton Balmoral. Dam by Cruggleton Perfect. Five daughters sell.

## On the Front Cover

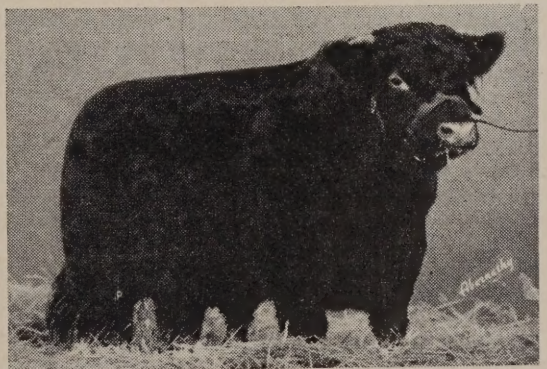

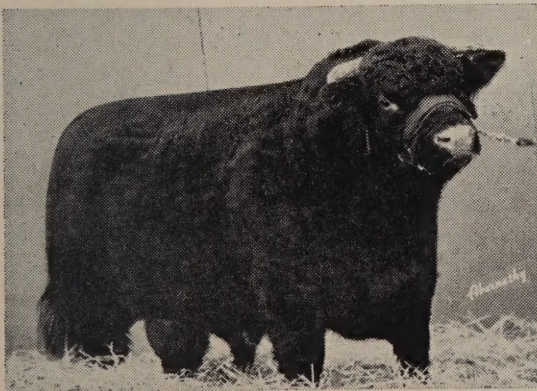

The head of Kair Ambition, our great son of Calrossie Crocus Count. The first calves by him are being offered in this sale.

Kair Brigadoon. This son of Corrimony Golden Sovereign was the \$2650 top selling bull of our 1954 sale, going to John Meyer & Sons, Greensburg, Indiana. One heifer by him sells.

We are proud that the top several bulls in each year's Aberfeldy sale are the kind we are anxious to use in the Aberfeldy herd. For the past four years, we have followed the practice of mating a number of the best females in the herd to bulls in the sale offering. Some of the best calves dropped at Aberfeldy have resulted from these matings.

Ten head in this sale are sired by bulls we have sold in former Aberfeldy sales. Take a close look at this group. You will see why we have confidence in the bulls we sell—and you will see why, every year, the reputation of Aberfeldy as a stock bull center grows over a wider area.

These two bulls were both purchased on order in our 1953 sale by the sale manager. Three weeks later both placed second in strong classes at the 1953 International. Left, Aberfeldy Radium, purchased for \$2100 for Wilbur Spring & Son, Belgrade, Montana. Stood second in a class of 28 junior bull calves at the 1953 International. Right, Aberfeldy Paymaster, purchased for \$1975 for Elmer Ester & Son, Carrier, Oklahoma. Placed second in a class of 23 junior yearlings at the 1953 International. Both bulls are sired by Crichton Drambuie.

## *An Ontario Shorthorn Vacation*

The first week of September — traditionally beautiful weather — a time when the heavy farm work is accomplished — a grand time for a break from everyday chores. Take your family on a pleasant business-pleasure trip. The Toronto-area makes up the greatest concentration of superior Shorthorns on the continent. We have changed our annual sale date, because we believe this is a time of year that will be more pleasant and relaxing for you.

### **Monday, September 3**

Judging of Shorthorns at the Canadian National Exhibition. This is one of the best shows of the year. Last year 145 Shorthorns were exhibited.

Lawton Nelson by Kirkton Envoy. Top selling and reserve supreme champion, 1950 Perth show. Bred by Lawton and sold to Sr. Bernard L. Duggan, Sittyton, Argentina, for 6600 gns. At the Palermo show in the Argentine he was the supreme champion and sired the reserve junior champion and reserve calf champion. A daughter of Kirkton Envoy sells. See Lot 30. Also a daughter of Kirkton Formula, Lot 26, sells. He is a full brother to Kirkton Envoy.

## *Improving your Herd*

People often ask me, "How can Reford make out on these imported cattle? I notice in the Perth report that he paid 300 gns. (\$900) for an animal and it brought only \$900 in his sale."

The answer is that the business of importing cattle is not a "get rich quick" operation. However, most of these good imported heifers are carrying a calf to one of Scotland's greatest bulls when they arrive. The calf is dropped, kept in the Aberfeldy herd, or sold the following year. The cow sells in the Aberfeldy sale well forward in calf to one of their great stock bulls. Or, the calf is sold and the cow is kept in the herd. There are exceptions, to this, of course.

What does the buyer get? He gets the same outstanding imported cow bred to a great Aberfeldy herd sire — and at about the same cost that was paid for her in Scotland. More important, he capitalizes on the judgement of one of the greatest cattle judges in the world, and a man thoroughly familiar with the herds and stock bulls of Scotland, and the current prices. Further, you eliminate all of the expense of shipment across the Atlantic, quarantine, insurance, etc.

How much better this is than attempting to buy them over there yourself! Here you have a selection — and you can take your pick at auction sale prices, with summer hair, and in the flesh condition they will be in when you put them in your own pastures.

If there is any doubt in your mind what a few top imported females in your herd can accomplish, then just visit the herds near you that have purchased from Aberfeldy. I have been proud of every Aberfeldy offering—and this is the fifth sale in which I have served as sale manager. I believe this annual offering of predominately imported cattle is a real service in the improvement of our breed in North America.

Calrossie Ocean Wave. Full brother to Calrossie Forward March.

### **CALROSSIE FORWARD MARCH**

A full brother to Calrossie Ocean Wave, used successfully for a season at Calrossie and sold for 7000 pounds to Maclyn Plantation, Albany, Georgia. He is also the maternal brother of Calrossie Highland Pride, used extensively in the Calrossie herd and sold for 3000 gns. to Australia. Calrossie Highland Pride sired Calrossie Treasurer, sold in the Argentine for 9000 pounds, and Kickapoo's great sire, Calrossie Highland Chieftan.

Calrossie Welcome: It is not necessary to comment on either Calrossie Welcome, Kirkton Baronet, or Calrossie Randolph, the three top sires in Calrossie Forward March's pedigree. They were three of the greatest bulls ever used in Scotland.

Calrossie Pauline Pearl: Grand Champion Female, Royal Highland, 1950.

Calrossie Paula: The dam of Calrossie Elevator, sold in the Argentine for 5000 pounds.

Calrossie Forward March arrived at Aberfeldy in the late spring, 1955. His first calves are just starting to come. The results live up to our expectations for a bull carrying the genes of Scotland's greatest individuals.

Calrossie Forward March is the stock bull type — a powerful bull of great size and substance — the kind that leaves a lasting influence.

**Nineteen females in this offering are well forward in calf to him.**

**Kair Ambition** — Purchased at Perth, 1954, for 1000 guineas.

Calrossie Crocus Count: Sired the 1954 Perth supreme champion, Burnton Bankbook, selling for 7300 guineas. The 1954 Perth reserve supreme champion, Burnton Rowan, at 5000 guineas. The 1956 Perth reserve supreme champion, Kair Masterkey, at 5600 guineas.

Beaufort Bolido: Cost 4000 guineas at Perth where he was the junior champion. He has sired champions at the International, the Royal Winter Fair, as well as many outstanding animals in Scotland.

Kair Countess Victoria: One of the best cows in the Anderson Bros. herds. She is also the dam of Kair Victoria Rona purchased for the breeding herd at Glastullich.

As soon as we saw the first calves by Calrossie Crocus Count, we began thinking very seriously about buying a son. Kair Ambition was what we were looking for. We believe this bull and his calves have had more admirers than any stock bull in the history of Aberfeldy. They have his great ruggedness, powerful appearance, thickness, depth, great head and burly neck.

This is the first year we have been able to offer individual lots by him. We are certain you will like them. Five sons, three daughters sell.
